Step 1: Filing Document. The applicant obtains documents verifying that the company has been registered in compliance with Thai law.

Step 2: Certification by CS. Upon receipt of the preceding required documents the CS office then will certify to the Thai Department of Commercial Registration in the Ministry of Commerce that the applying business organization is an American owned and managed company and is therefore entitled to national treatment under the provisions of the Treaty.

Step 3: Application to Ministry of Commerce. After certification by the CS, original copies of all the above-mentioned required documents, along with a completed application form, which may be obtained from the Department of Registration in the Thai Ministry of Commerce, must be given to the Thai Department of Commercial Registration in the Ministry of Commerce in order to fully register under the Treaty.

The above process can normally be completed within 4 to 6 weeks.
